

Frequently Raised Issues with Their Solutions.

1. Particular employee is not visible in pay bill.

Solution:

- Please first check whether employee approved or not, employee should be in approved status to generate pay bill.
Path: Level 1 DDO > Reports > Payroll > Employee Statistics
- Please first check the 'Date of service expiry' in Employee Statistic Report.
Path: Level 1 DDO > Reports > Payroll > Employee Statistics
- Please check post end date. If post temporary and post is already ended, kindly go to level 2 DDO and renew the post from level 2 DDO by uploading new GR in order master tab, Then go to Entry of post and click on renewal of post link and select old gr under which post are created and select post showing left hand corner and select newly uploaded GR and enter to and from date and renew the post.
Path: Level 2 DDO > Worklist > Payroll > Master screens > Order master > Entry of post > Renewal of post link
- Please check the cadre of employee, if employee configures under wrong cadre, will not display in pay bill.
Path: Level 1 DDO > Reports > Payroll > Employee Statistics
- Please check whether employee is attach to Bill group or not.
Path: Level 1 DDO > Worklist > Payroll > Organization/Office Profile > Attach Employee to Bill Group
- Fill the w.e.f. (With Effect From) date in Change Pay/Office details carefully. It should not be greater than 1st of the particular month in which you are generating the pay bill. You can also fill up the w.e.f. date from Change details Tab deployed recently.
Path: Level 1 DDO > Worklist > Payroll > Changes > Change Details

2. TA/HRA is not visible in Pay bill.

Solution:

- Please first check whether these component are ticked or not. Put the proper “Effective from” date.
Path: Level 1 DDO > Worklist > Payroll > Employee Eligibility for Allowances and Deductions
- As TA/HRA have been made dependent on “Percentage of Basic” field. So please save the Pay/Office details once again with proper w.e.f. date from “Change Pay/Office Details” screen.
Path: Level 1 DDO > Worklist > Payroll > Changes > Change Percentage of Basic

3. Deduction part is not visible in the pay bill or only half page of pay bill is visible.

Solution:

- Check whether, all the employees attached to the bill group in Employee Statistics.
Path: Level 1 DDO > Worklist > Payroll > Organization/Office Profile > Attach Employee to Bill Group
- Some of the employees may be DCPS but DCPS Id field is blank. So detach this employee from the bill group and generate the pay bill. Get appropriate correction done for that particular employee.

- For Consolidated pay employee GPF details will be not applicable. So please select the PF Detail option as “Not Applicable”. Recently such data entry issues are coming frequently.

Please note that for consolidated pay employees do not tick on DCPS YES button. Select NO and Select not applicable from GPF A/C maintained by dropdown.

4. Employee is not getting approved at DDO level2/ level3/ level4.

Solution:

- Please get the post name from office details page and check the same post in view created post tab. If this post name is attached with some other employee, then please reject the form and change the post, as this post is already occupied.
- Please check the field “Date of Joining current Post in the current Institution”. It should be filled properly.

5. School or Office name is not populated at DDO level 2/ level3 in Level 1 DDO code dropdown.

Solution:

- Only those schools or offices will be populated in this field which is approved by level 2 DDO from “Approve DDO Office” tab. So please check the same. Organization institution details and information should be dully filled at level 1 DDO then only office or school will be visible at level 2 DDO for approval.

Path: Level 2 DDO>Worklist>Payroll>Master screens>Approve DDO office

- Please go to level 2 DDO, Reports>System Approval link and check whether school is approved here or not. Kindly approve here.

Path: Level 2 DDO>Worklist>Payroll>System Approval

Please note that office/school name or code will not be visible in Entry of post, Order Master, Organization/Office scheme and Dept. eligibility for allowances and deductions link till office or school not approved from APPROVE DDO OFFICE and SYSTEM APPROVAL link.

6. No data available in inner and page wise report.

Solution:

- Please check the field “type of post” and “group” in “Bill Group Maintenance” tab for that bill group. It should be saved correctly.

Path: Level 1 DDO>Worklist > Payroll > Organization/Institution Profile > Bill Group Maintenance

- Once pay bill is created, don’t detach the employee from the same bill group, otherwise inner will be invisible.

7. Designation is not changing after changing the details.

Solution:

- Please first check whether, there is any vacant post of the same designation. If not first create fresh post.
- From change details link and select new designation, update effect date and no. and forward changes from level 1 DDO to level 2 DDO for approval, once approved designation will change.

Path: Level 1 DDO>Worklist > Payroll > Changes > Change Details

Path: Level 2 DDO>Worklist>Payroll>Master screens>Approve forwarded changes

8. Once increment is rejected by level 2 DDO, not able to give fresh increment or employee not visible in add to list.

Solution:

- While giving new increment, kindly fill new order no., don't use previous order no.

9. Employee is relieved from one school, but not able to join in another school.

Solution:

- There should be one vacant post for joining the employee in new school or office and post should attached to bill group also. Check in Level 1 DDO code where you want to join.
- While joining employee search employee name, select employee name and new post and joining school code and click on select button.
Path: Level 2 DDO> Worklist > Payroll > Joining / Relieving of Employee > Joining of Employee
- Then go to level 1 ddo code of joining school and check in employee statistics, if employee not visible in pay bill after joining the school, go to changes>change pay details and change effect date and generate fresh pay bill.

10. Employee GPF deduction is not displaying in the report.

Solution:

- Please check whether GPF deduction category has been clicked in employee eligibility for allowances and deductions. If not kindly tick as per cadre of employees. (For example if employee comes under cadre A or B or C, tick on GPF_GRP_ABC deduction button, if employee comes under cadre D, tick on GPF_GRP_D deduction button.
- Also please check, cadre of the employee in the employee statistics report, if designation is displaying under wrong cadre, correct from change details link and approve changes from level 2 DDO code.

Path: Level 1 DDO>Worklist > Payroll > Changes > Change Details

11. While generating the pay bill, message displaying “Problem while inserting into Database”.

Solution:

- Please check whether school details (for which you are generating pay bill) has been

approved at Level 2 DDO.

Path: Level 2 DDO>Worklist>Payroll>Master Screens>Approve DDO office link, Approve school or office here.

- Please go to Level 2 DDO>Reports>System Approval link and approve school or office here.
- If still problem persist, contact support staff team.

12. While forwarding form to level 2 DDO for approval, Post is not displaying in Current Post dropdown.

Solution:

- Please check whether there is any vacant post of same designation. If not create new post.
- Please note that post should not be used, check post status from view created post.

Path: Level 1 DDO>Reports>Payroll>View Created Post

13. Voucher Entry button is not working.

Solution:

- Voucher Entry button is only activate once the pay bill has been consolidated at Level 2 DDO.
- Go to Level 1DDO>Worklist>Payroll>Generate Pay bill>View/Approve/Delete pay bill link, check status of pay bill. It should be consolidated.

14. Problem occurring while entering the salary details in broken period the deduction of profession tax showing incorrect.

Solution:

- Professional Tax calculate on **Gross salary (Basic Grade Pay+ DA+ HRA+ TA)** of employee.
- Check all the allowances and deduction has been selected in Employee eligibility for allowances and deduction or not.
- If gross salary more than 10,000 then professional tax will be 200 Rs,
- If gross salary less than 10,000 then professional tax will be 175 Rs,

15. Renewal of Post link is not working.

Solution:

- First upload new GR from Order Master. **Path: Level 2 DDO>Worklist>Payroll>Master screens>Order Master**
- Go to level 2 DDO>Worklist>Payroll>Master Screens>Entry of Post, Renewal of post ,select old GR which you want to renew, posts will reflect then select new uploaded GR and date, renew the post.

16. While giving amount in Broken Period, value of Allowances and Deduction is displaying as Null and not able to edit value here.

Solution:

- Please select all the mandatory deductions that are applicable.
- In order to generate salary through broken period, all the mentioned field in broken

period should be marked in employee eligibility for allowances and deductions. PT should be marked.

- Broken period will take automatic value now in order to avoid malpractices.
- Please do not generate salary of employee through broken period if employee were present at service whole month.

17. Not able to stop Employee Loan amount.

Solution:

- Please go to Level 1 DDO>Worklist>Payroll>Employee information>Employee loan details link, click on active button, marked on No button and save the details, User can stop the Loan from here in future.

18. Allowances and Deductions are not displaying in Non-Computational Dues and Deductions.

Solution:

- Please go to Level 1 DDO>Worklist>Payroll>Employee eligibility for Allowances and Deductions link and check whether all given allowances and deductions has been ticked here or not. Kindly tick if unticked.

19. Some of the Allowances and Deduction are not displaying in Employee eligibility for Allowances and Deduction link at level 1 DDO.

Solution:

- Please go to Level 2 DDO>Worklist>Payroll>Master Screens>Dept. eligibility for Allowances and Deductions link and select your institute and check whether missing allowances and deductions name at level 1 DDO has been ticked here or not. Kindly tick if unticked.

20. Employee is DCPS, But DCPS I.D. not generated.

Solution:

- Please go to Level 1 DDO>Reports>Payroll>Employee Statistics, check whether employee GPF/DCPS account no. generated against the employee name.
- If DCPS employee wrongly configured under GPF category, kindly go to Level 1 DDO>Worklist>Payroll>Employee Information>Employee service end, end the service of employee and again configure the employee details, kindly tick on DCPS employee button (Level 1 DDO>Worklist>Payroll>Employee Configuration form>Employee Configuration>Bank/DCPS/GPF details) and after approving employee details, DCPS ID. will generate.

21. How DA is calculated for 5th Pay commission employees.

Solution: $((\text{Basic}) \times 50\% \text{ of the (basic)}) \times 183\% = \text{DA}$

- Kindly calculate value according to above mentioned formula.

22. How to change DDO name on screen.

Solution:

- Go to Level 1/2/3 DDO> Reports > Maintain DDO History and change name here.

23. How to generate separate bill of 4-5 months at one time.

Solution:

- Kindly generate supplementary bill.
- Select employee name from broken period link and current month and pay year, then first enter current month from and to date and then click on add and then of previous month, after entering details of all months, click on SAVE button, please click on SAVE button after checking details 2-3 times, saved details from broken period cannot be deleted from front end, it is only possible from back end.

Path: Level 1 DDO>Worklist>Payroll>Employee Information>Broken period
